Dr. D. Bouvier Named President Lac La Biche Golf, Country Club

Lac La Biche Golf and Country Club held its annual meeting Oct. 18. Five new directors were elected in the persons of James Stewart, Dave Skakun, M. A. Tarrabin, John Zaluzny and Mickey Hamar. Dr. D. D. Bouvier was again chosen by the directors to be chairman of the board of directors and President of the Club for his fifth term. Hector Linnel was chosen secretary-treasurer and Floyd McMillan as vice-president.

The Club decided to hold its next night club, social and smorgasbord, on Tuesday, Nov. 20, starting at 8:30 p.m. The all new and improved floor show will go on promptly at 10:00 p.m., under the joint direction of Floyd McMillan and Jack. Clark They promise that nothing will be spared in making this floor show even better than usual.

One of the major decisions of the general meeting was to rescale the par value of the shares. As of Jan. 1, 1963, all shares of the Lac La Biche Golf and Country Club will have a par value of $30.

All shares now being purchased on terms must be fully paid for by January 1 or else the additional prize of $5 per share will have to be paid before said share can be issued. Also shares are available at $25 per share until Jan. 1, on or after that date they will cost $30.

The assets of the Golf Club being worth substantially more than they were in 1958, there is now a distinct possibility of a further increase in the par value of shares in the future.

A major announcement at the meeting was that the final payment has been made on the land and that the title to the river lot on which the club is situated will be registered in the name of the club shortly.

During the vast years the course has been improved substantially with about 500 yards of new fair ways being added. A final plan for completion of the course, bringing it to a regular sized course of 3,140 yards and par 36 was presented for consideration. This would require the addition of 650 yards of new fairway which will be started during the coming year, if possible.

Cecille Rudiger, Victor Laventure Exchange Vows At St. Catherine's

LAC LA BICHE — St. Catherine's Roman Catholic Church was the scene of a pretty fall wedding, Oct. 8 at 10 a.m., when Miss Cecille Maria Rudiger exchanged marriage vows with Mr. Victor Joseph Laventure. Rev. Father Veil read the nuptial mass for the third daughter of Mr. and Mrs. Louis Rudiger of Lac la Biche and the youngest son of Mr. and Mrs. Emile Laventure of Saskatchewan.

Fresh garden flowers banked the altar and pink and white bells marked the pews.

Miss Lynn Breau presided at the organ for the wedding music and accompanied a trio composed of Mrs. J. Breau, Miss Yvonne Langevin, and Dr. Brosseau as they sang during the service.

Altar boys were two brothers of the bride, Emile and Leon Rudiger.

Escorted to the altar by her father, the bride was charming in a floor-length gown of white brocade with rounded neckline and lily point sleeves. Head headpiece, a pillbox model of matching material, was trimmed with seed pearls and held in place the chapel-length veil. Her jewelry consisted of a strand of pearls and matching earrings. She carried a white prayerbook, garlanded with red baby roses and white streamers.

Miss Yvette Richard was bridesmaid; little Anita Laventure of Leoville, Sask., niece of the groom, was flower girl and Johnny Rudiger, brother of the bride, was ring-bearer. Miss Richard's dress was street-length in blue silk with three-quarter length sleeves and a rounded neckline. She wore a matching bandeau and carried a colonial bouquet of blue and white carnations. The flower girl was dressed in pink and white nylon and carried a bouquet of mixed baby chrysanthemums. The ring-bearer wore a white satin blouse and black velvet trousers and vest.

Attending the groom was his brother, Mr. Leo Laventure. Ushers were Mr. Al Siry of St. Paul and Mr. Glen Brown of Athabasca, brothers-in-law of the bride.

The bride's mother chose a green two-piece ensemble of wool jersey with beige hat and accessories and Talisman roses en corsage.

Mrs. Laventure, mother of the groom, wore a figured silk in shades of blue and green with a flower hat and also a Talisman rose corsage.

Mr. L. J. Badry was master-of-ceremonies for the reception for 200 guests in the Memorial Hall. The bride's table was centered with a three-tier wedding cake and decorated with fresh garden flowers.

Dr. Arthur Laventure of Spirit River, brother of the groom, proposed the toast to the bride. A number of telegrams were read.

For a wedding trip to Jasper, Banff and Calgary, the bride donned a three-piece blue wool suit with white fur hat and black accessories.

Mr. and Mrs. Laventure will reside in Lac la Biche.

HSA Seeks Fluoridation Plebiscite

Joey Cadzow, Seminar Student, Explains Purpose, Aims Of UN

An encouraging number of parents and teachers were present for the regular monthly meeting of the Home and School Association, held in the Elementary grade school October 26.

The chair was occupied by President Ernie Shanks and the secretary was Mrs. O. Bereska.

Reports were given by the conveners of the various committees. Mrs. Walter Reid, commenting on the recent bake sale, noted that twice as much baking could have been sold if it had been on hand. The sum of $42.70 was the total realized by the sale.

The new treasurer, Lloyd Clark reported the association was very low on funds, when all outstanding accounts are paid. Memberships for the ensuing year are now due, as well as subscriptions to the Home and School publication.

The new vice-president, John Homeniuk, was introduced by President Shanks.

The subject of fluoridation for the town's supply of water was introduced and several present at the meeting joined in the discussion. Dr. Cadzow told the group that it had been proven that fluoridation would save a family from $60 to $80 a year on dental bills. He said he felt the general public in this area was ignorant of the true facts and if anyone has a toothache, he just has the tooth pulled and leaves it at that, rather than use any preventative methods. He said 'Fluoridation costs so little and gives so much, it should be of urgent concern." He advised that letters from the different organizations, such as the Women's Institute, be sent to the council, requesting a plebiscite on fluoridation at the earliest possible date. The motion was carried.

The attendance banner was won by Mrs. M. Jacobson, Grade I teacher.

Mrs. F. Strashok introduced the guest speaker of the evening, Miss Joey Cadzow, Grade 12 student at Dr. Swift High School, who along with 108 girls and 50 boys, had attended the U.N. seminar at Banff School of Fine Arts. This year was the 10th seminar to be held in Banff. Miss Cadzow was sponsored by an IODE Chapter in Calgary, and explained the seminar thus: "The purpose of the UNA seminar has always been to provide students from the senior high schools of this province with an atmosphere of academic freedom, and in the company of outstanding instructors to examine the background of world problems and to evaluate critically the role which the UN has played in attempting to meet the challenges of our time.

"As you know, the UN celebrated its 17th birthday on Oct. 24. The world organization began its work in 1945. It is possible that many people, even in this audience, do not know what the UN is. The United Nations is an organization of nations who have voluntarily joined together to work for world peace. The main headquarters of the UN is in New York.

"Branch offices are located throughout the world. Today, 104 nations belong to the UN as compared to 51 when the global organizations was set up in 1945. The UN is governed by a written constiution known as the Charter. It contains the aims and purposes of the organization and the rules and regulations for achieving these aims. All members have signed the Charter.

The rules of the UN are as follows:

All members and nations are equal.

They will fulfill their agreements as set forth in the Charter.

They will settle international disputes peacefully.

They will not use force in any way not allowed by the Charter.

They will assist UN in any action it takes.

The UNO will not interfere in the internal affairs of any nation.

The purpose of the UN is:

To maintain international peace and security in the world.

To develop friendly relations among the nations.

To work together to remove poverty, disease and illiteracy in the world.

To be a centre for helping nations achieve these goals.

"There are established as the principal organs of the UN a General Assembly, a Security Council, an Economic and Social Council, a Trusteeship Council, an International Court of Justice and a Secretariat. All 104 nations belong to the General Assembly as it is the main deliberative organ of the UN and to express the world views on the work, of all the UN organs.

"To become a member of the UN a country must be peaceloving, be willing to accept the aims and rules of the Charter. The Security Council must recommend the new member and the General Assembly must confirm the recommendation by a two-thirds majority vote.

"Some people argue that the UN is a weak organization and likely to remain so. This statement can be looked at from two different points of view. Just what has the UN accomplished? In 1947 peace was threatened by hostilities between the Netherlands and the Indonesions. The Security Council called on parties to cease fighting and to settle the dispute by arbitration. War stopped and with the assistance of the UN Commission for Indonesia was established. Indonesia became independent in 1949.

In 1950, complaint of Soviet Union aggression in the Republic of Korea. Security Council recommended that member nations furnish assistance to Korea.

"Unified Command forces from 16 nations restored peace and security to South Korea, and an armistice was negotiated in 1953.

"In 1948, peace was threatened by open warfare between the Arabs and Israelis over partitions in Palestine Security Council called for a truce. Armistice negotiations were conducted by UN mediator and a truce and armistice agreements were worked out.

"As you can see by these examples I have given you, the UN has done much to maintain international peace and security. On the other hand one may look at it from some of its failures such as the great problem of disarmament which is yet be solved. The veto power of paralyses the Council. This is anthe Security Council in most cases other drawback to the UN.

"As of the present moment, the UN is in session in New York, discussing problems of life and death importance to people everywhere. The conflict in the Congo, the problem of Cuba, the seating of Communist China, the divided city of Berlin and many others are on the agenda of the UN. It is hoped that gathered for the Assembly sesall the world leaders who are now sions will be truly dedicated to work for right and peace."

In closing Miss Cadzow said that as she was honored by representing Lac la Biche at the UN Seminar. It was a wonderful experience for it was rarely that students in Senior High school have an opportunity to question people who have been personally involved in UN activities and who have a broad knowledge of international affairs. She said that in addition to increasing her knowledge of the UN, she gained a wider view of world affairs and an appreciation of the scope and value of the work of the UN Association of Canada, which is a non-political, non-religious organization and has never permitted itself to be used as a tool or instrument of any church or religious group or any political party. Joey expressed her thanks to the Students' Union and to her Social 20 teacher Mr. Tesolin for making it possible for her to attend the seminar.

The UN cake baked by Mrs. Lou Hamilton and decorated in the UN colors of blue and white was raffled and won by Mrs. E. Cunningham.

An amusing skit, "The Fatal Quest", was presented by several of the teachers and directed by Mr. Veloshin. The cast comprised Mrs. Lockhart, the curtain; H. Senetza, the king; Mrs. E. Cunningham, the queen; Alex Salahub, the duke; Kaye Ponich, the princess.

A film on United Nations concluded an interesting, educational and entertaining evening.

Dave Hunter Acclaimed Candidate

Athabasca Liberals Name Leader At Boyle Nomination Convention

BOYLE — The Athabasca Provincial Liberal Association held their nomination convention here on Tuesday, October 16. The Community Centre was packed for the occasion with delegates and supporters from every part of the constituency. An independent observer was overheard to remark afterwards that the spark was ignited at the meeting that may well sweep the province in the next provincial election.

The lively crowd heard speakers take the present Social Credit government to task for its failure to produce good government. After 27 years in office, it is time for a change—the tired Social Credit govment needs a rest. It has become autocratic e.g. Hospital Act states that there is no appeal to courts of law from the minister's decision.

Guests on the platform included such well known public servants as M. Maccagno, MLA for Lac la Biche, J. Decore, former MP for Edmonton, R. Hall, former MLA for Athabasca, J. J. Makie, president of the Association, A. Soetaert, mayor of Morinville, Sydney Alexander, local organizer, Joe Radmanovich, mayor of Boyle. Richard Hall presided.

After some speakers were heard nominations were called for. Cliff Donahue, mayor of Athabasca, nominated Dave Hunter who, he said, was a man of out-standing abilities as shown by his leadership in both the local area and in provincial affairs, mayor of Athabasca, president of the Alberta Chamber of Commerce, president of the Alberta Municipal Association. He indicated that Mr. Hunter, having been reared on the farm, is keenly interested in the welfare of the farmer. He went on to say that it would be a great honor for the Athabasca constituency to be represented in the provincial legislature by such a great Albertan. As leader of the provincial Liberal party he will be the next premier of Alberta. The nomination was seconded by T. Bencharsky of Newbrook, councillor for the County of Thorhild. As no other nominations were received, Mr. Hunter was declared nominated by acclamation. This announcement was received by a prolonged ovation from the large crowd.

The highlight of the evening was Mr. Hunter's acceptance address which was interrupted on several occasions by loud and prolonged applause. Mr. Hunter went on in a heart-warming and lively manner to put forward his 10-point program for the constituency which included such things as: better deal for agriculture, better roads, more assistance for education, encouragement of local industrial development, increased aid for municipal corporations. One of the most telling points Mr. Hunter made was the deplorable condition of Highways No. 2 and No. 46. After 27 years in office the Social Credit government has decided that the time has come to make a start on those two projects, but at the present rate of progress it will take another 27 years to complete them. He stated that, taking 15 constituencies at random in the province, there is an average of 13.1 miles of hard surfaced highway per 1000 electors. Athabasca constituency has 1.3 miles of hard surfaced highway per 1000 electors; Lac la Biche constituency has 0. Since 1935 the Social Credit party has represented this constituency for 23 years and yet the average for hard surfaced highways is far below that of any other constituency in the province, except for Lac la Biche.

He made a solemn promise, if elected, to complete the granding and hard-surfacing of both these highways as soon as possible. He promised also a highway from Athabasca to Calling Lake and a gravel road from Calling Lake to Wabasca, and the extension of Highway 46 from Lac la Biche to McMurray.

After the meeting the large audience crowded around Mr. and Mrs. Hunter to offer best wishes. From the enthusiam and spirit displayed by those in attendance, it will not be long until there is a new government in Alberta, headed by Mr. Hunter.

Construction Of Addition To New Dr. Swift High School Is Planned

LAC LA BICHE — At the October 23 meeting of town council, a building permit was approved for the Lac la Biche school division for construction of an addition to the newly-completed Dr. Swift High School. The permit application called for an estimated total expenditure of $150,000 for the new addition.

Second and third readings were given to a by-law authorizing a grant to the Lac la Biche Chamber of Commerce of $300 to be used for the needs of the Lac la Biche Citizens' Band. A list of officers of the band was presented by Bandmaster/Instructor A. L. Gargus.

Authorization was given for payment of a holdback on sidewalk and curb and gutter contract of Poole Construction Co., amounting to $3,381.90.

As it was the last meeting at which F. W. McMillan would be present as a councillor, Mayor Maccagno took the opportunity to thank Mr. McMillan for his 11 years of faithful service on the council. Mr. McMillan said he had enjoyed his work on council and had always found the members pleasant to work with. If it should ever be his lot to again serve on council he knew it would be a pleasant privilege, he declared.

Present for the meeting were Councillors Vincent, Wolstenholme, Shanks, McMillan and Badry, as well as Mayor Maccagno and Secretary Creighton.

The meeting adjourned earlier than usual at the hour of 9:43 p.m.

HOUSEWORK CAN KEEP YOU YOUNG

That probably will make you smile but it is more than just a catchy phrase. It is a fact that you can save yourself time and back-breaking work if you:

Make a daily, weekly and monthly plan of work to be done. Do not be a slave to your plan. Remember The 11th Commandment — "Thou shalt love thy husband and children more than thy house and its furnishings."

Sit at work whenever possible.

Store things where they are used first.

B. McCutcheon

Use a table on wheels or a cart to move heavy things — to save steps e.g., in setting the table and to eliminate bending e.g., clothes basket on table or cart rather than on the ground.

When lifting things bend knees and hips—keep back straight. crouch down rather than stoop over.

Use correct tools for good posture. Long handled brushes, brooms, mops, etc. eliminate bending and stooping.

Have work surfaces the correct height if possible.

TEEN TEASER SANDWICH LOAF

"Teen Teaser" is the name given the following sandwich loaf recipe by Dorothy Batcheller, Home economist with the Poultry Products Institute of Canada.

¼ cup (or more) salad dressing or mayonnaise
1 teaspoon grated onion
salt and pepper
4 hard cooked eggs, peeled and chopped
3 wieners, diced
1 cup diced celery
2 tablespoons chopped sweet pickle
1 wiener sliced
sliced cucumber
sweet pickles
lettuce
1 small french or vienna loaf

Place 2 tablespoons of salad dressing in a bowl. Add onion, dash of salt and pepper and blend or mix thoroughly. Add eggs, diced wieners, celery and pickle. Top with remaining 2 tablespoons of dressing and mix thoroughly but lightly adding more if mixture is not moist enough to hold together. Chill filling while preparing bread.

Insert sharp pointed knife into loaf of bread at top edge and cut completely around top of loaf. Remove wedge - shaped lid thus formed. (This may be dried with remaining crumbs, grated and used for coating fried foods or topping casseroles.) Hallow out loaf to form a case about one inch thick. Butter inside and fill with egg mixture, pressing mixture down fairly firmly. Decorate top with alternate circles of slices of wiener and half circles of unpeeled cucumber inserted into filling so the slices stand up. Sprinkle with paprika. Wrap in plastic film, waxed paper or foil and refrigerate until serving time, then arrange loaf on platter or oblong sandwich tray, cut into thick slices (one or two inches thick) still retaining the loaf shape, and garnish tray with lettuce and pickles. Guests help themselves and eat with or without a fork. Yields 6 to 8 ervings.
